

COMPLIANCE

**GLOBAL
CODE OF CONDUCT**

Dear Colleagues,

The founding principles of Arçelik, trust, honesty, respect, equality and transparency, continue to guide us in our journey. We continue work within the framework of code of conduct defined in line with our core values as stated by the founder of Koç Group Vehbi Koç: “Honesty, integrity, and superior business ethics are the foundations of our business conduct. We conduct our business based on good intentions, mutual benefit, and fair treatment in all our relationships.”

In this context, we have updated the Global Code of Conduct, which explains how we should behave, what we should pay attention to and what behaviors we should avoid in business, in order to adapt it to our ever-growing and expanding structure. It is of critical importance to adopt these universally valid common principles.

In line with our corporate vision of “Respecting the World, Respected Worldwide,” it is our responsibility to strengthen this awareness even further, to make our business even better without compromising the principle of honesty, and to create a reliable value chain.

I would like you to kindly consider the Global Code of Conduct and Related Code Policies, revised with the motto of ‘Regenerated for All,’ as a guide and a reliable reference. We will continue to create value and differentiate with leading practices, thanks to your efforts to fully embrace and implement these practices.

Yours sincerely,

Hakan Bulgurlu

GLOBAL CODE OF CONDUCT

“Honesty, integrity, and superior business ethics are the foundations of our business conduct. We conduct our business based on good intentions, mutual benefit, and fair treatment in all our relationships. We are committed to conforming at all times to the highest ethical and legal standards.”

Vehbi Koç

As indicated by our founder Vehbi Koç, we have strong values, clear policies and standards to ensure our employees and stakeholders always act in high ethical standards.

We designed Global Code of Conduct and related Code Policies to implement the high ethical standards into corporate governance framework to ensure that how we do business is aligned with our values and applicable laws and regulations in countries we operate as directed by Vehbi Koç.

Our Global Code of Conduct framework has three operational pillars:

- Prevention – we work to embed a culture of integrity at all levels, in all geographies
- Detection – we encourage employees to speak up and give voice to our values
- Response – We have the tools to investigate and if necessary, sanction confirmed breaches with a standard and uniform approach, and use what we learn to continually improve.

We conduct our operations with honesty and with respect for the human rights and interests of our employees. All our employees and Business Partners are expected to adopt these rules, act in line with them. Our leaders are responsible from setting examples with their attitudes by leading our employees and making business decisions in accordance with the Global Code of Conduct and related Code Policies.

Our Global Code of Conduct and related Code Policies aim to establish our standard of conduct, fight with corruption, ensure our people are respected and information is safeguarded and set the standards for external engagements.

However, Global Code of Conduct and Code Policies cannot cover every eventuality, particularly as laws differ between countries. If specific situations are not expressly covered, the spirit of the Code of Conduct and Code Policies must be upheld by exercising common sense and good judgement in light of the objective criteria.

5. GENERAL PRINCIPLES OF INVESTIGATIONS AND PENALTIES

a. Proportionality & Transparency

An employee can be punished, only, in direct proportion to the breach he/she committed. In the implementation of the penalty, aggravating and mitigating factors² must be taken into consideration.

b. Confidentiality

It is essential that all investigations are carried out in strict confidentiality. Supervisors and investigators who carry out the investigations are obligated to protect the integrity of the whole process and take necessary actions, if they identify individuals who are violating the privacy of investigations. Such a breach of confidentiality will constitute a sanctionable offense under the Global Code of Conduct framework.

c. Preventing Double Jeopardy

An employee cannot be punished more than once because of the same offense. If the same action is repeated it must be taken into consideration as an aggravating factor.

² Please refer to Annex I

d. Equality & Consistency

Different penalties cannot be imposed among employees, who perform the same action as substantiated Global Code of Conduct and related Code Policies breaches. The only differentiation that may take place based on the specific facts of the given incident by applying mitigating and aggravating factors.

The penalties defined in this Policy solely relate to substantiated breaches of the Global Code of Conduct and related Code Policies. They are independent of any performance-related, business evaluations.

6. PENALTIES

Acting against the Global Code of Conduct and related Code Policies may lead to termination of the employment contract. When such a breach determined investigated and substantiated; nature of the event incurred and repetitiveness of the behavior will be considered as aggravating or mitigating factors.

Consequences of a substantiated breach are given below:

- a. Further education and/or coaching,
- b. Verbal Warning documented and placed in the employee's (HR) file,
- c. Written Warning placed in employee's (HR) file,
- d. Written Warning and appropriate financial consequence as legally possible; downgrade in performance rating for the year, and calculation of the premiums accordingly,
- e. Termination of employment
- f. Termination of employment and legal action against the employee(s) who breached the Code of Conduct.

Any employee who is sanctioned in accordance with this Policy may not receive a promotion and transfer request for another position. In other words, such sanction freezes all HR procedures for the individual for the given year.

Termination is the default sanction for the substantiated Global Code of Conduct framework violations. The decision to apply a more severe or more lenient sanction must be supported by evidence of relevant mitigating and aggravating factors as set out in the Appendix I and documented accordingly.

7. INVESTIGATION AND DECISION MAKING PROCESS

Once an allegation is received it should immediately be reviewed and an initial analysis of the allegations conducted by the relevant Compliance Officer. Where appropriate Compliance Officer should consult the Global Compliance Manager to determine whether an investigation is required and, if so, who should be part of the investigation team.

All investigations of a suspected Code of Conduct breaches are lead, overseen by a Compliance Officer. Investigations may be handled by the Compliance Officers, Internal Audit Department or can be handled by receiving external forensic investigation services.

In instances where the person(s) raising a complaint and person(s) alleged to have breached the Code of Conduct are based in different locations, the default approach is that the Compliance Officer and Ethics Committee from the geography where the person(s) alleged to have breached the Code of Conduct is based lead the investigation.

Where a Global Code of Conduct allegation concerns a top manager, Chief Legal and Compliance Officer himself/herself oversees the investigation. Local Ethics Committees may not handle cases related to their own top managers.

The Compliance Officer(s) must submit to the relevant Ethics Committee an investigation report that clearly links relevant allegation(s) to the specific requirements of the Code of Conduct, summarizing the evidence, findings and recommended penalties.

The Committee then determines individual penalties. In determining whether an employee breached the Code of Conduct, the Committee should decide, with support from the Compliance Officer in weighing up the evidence, whether it is more likely than not that a breach occurred. In all circumstances where it agrees that a Code of Conduct breach is substantiated, the Committee determines the appropriateness of the penalty recommended by the Compliance Officer.

When deciding on a penalty the Committee should consider individual circumstances and related aggravating and mitigating factors. While there is always an element of judgement involved, this must be applied in good faith to ensure a transparent, suitably objective, consistent and fair approach to determining sanctions.

Line managers who are members of the Committee may take part in the case review and decision-making process relating to members of their team. Any Committee member may however step out of proceedings where it is agreed their participation may adversely affect these (e.g. because of a conflict of interest).

Under no circumstances are the following elements to be considered in determining the appropriate sanction:

- a. the overall high or low performance of an individual employee;
- b. the fact that an employee is a member or representative of a union.

8. DISCIPLINARY COMMITTEES

The Disciplinary Committees that are established due to the collective employment contracts and/or local legal requirements are responsible for ensuring that the disciplinary actions are taken in accordance with local regulations, laws and collective labor agreements. When/if there are issues that are also violating the Global Code of Conduct and related Code Policies handled by the local Disciplinary Committees, Compliance Officers must be informed about such issues to ensure consistency and transparency.

Since Compliance Officers are employees of the Company appointed by the Chief Legal and Compliance Officer of Arçelik as being responsible for monitoring the Company's operations pertaining to this Policy, related Compliance Officers should be informed about the decisions of the Disciplinary Committee at all times.

9. LOCAL LEGAL REQUIREMENTS

This Policy will be applied considering local legal requirements that may require deviations. If such a deviation occurs, it must be fully explained in the investigation report.

10. AUTHORITY AND RESPONSIBILITIES

This Policy is published by Arçelik Legal and Compliance Department, and the Company is responsible for ensuring the compliance with the Policy by all its employees.

GLOBAL ANTI-MONEY LAUNDERING POLICY

The aim of this policy is to set forth guidelines to prohibit and actively monitor the money laundering and the funding of terrorist or financial crimes that Arçelik and its subsidiaries (“Company”) and its all third parties may face within the scope of their business activities. Within this concept, all operations of the Company are made in accordance with the key components of a program which includes; identification and verification of clients and third parties; monitoring of client activities; reporting and investigating unusual and suspicious activities; training staff in money laundering prevention and detection; and designating dedicated money laundering reporting officers.

This Policy has been prepared in accordance with Global Code of Conduct and the local laws and regulations, which are applicable in the countries that Arçelik operates to ensure the commitment to all relevant local and international laws and regulations (i.e Terrorist Financing Act, POCA (Proceeds of Crime Act), Money Laundering Acts). This Policy applies to all employees of Arçelik who are required to comply with all applicable anti-money laundering and terrorist financing laws and regulations in countries which Arçelik conducts business. Failure to do so may result in severe criminal, civil and regulatory penalties for Arçelik and its employees.

1. DEFINITIONS

Money laundering is the disguising or concealment of financial assets obtained via illegal means. It is an attempt to illegally legitimize criminal proceeds and disguise the true origin of assets, this is commonly achieved by placement, layering and integration. Money laundering may be committed through knowingly engaging in a financial transaction with the proceeds of a crime or negligent ignoring warning signs for unusual or suspicious activity in respect of a client or transaction.

Terrorist financing refers to activities that ensures financial support to of legitimate or illegitimate terrorists, individuals, groups, organizations or supporters of terrorism. Terrorism can be financed through illegal activity such as credit card fraud, illegal arms dealing and drug dealing, among other criminal activity. Terrorist financing may also involve the use of legitimately derived funds. In both instances the aim of terrorist financiers is to conceal the source and ultimate use of finances. As with money laundering, the appearance of being connected, directly or indirectly, to terrorism raises unacceptable levels of regulatory and reputational risk to Arçelik.

Politically Exposed Persons (PEPs) are individuals who are, or have been, entrusted with prominent public positions domestically or by a foreign country. For example, Heads of State or Heads of Government, senior politicians or government officials, judicial or military officials, senior executives of state owned corporations, prominent political party officials.

Sensitive Countries are the ones which have strategic Anti Money Laundering /Combating Financing of Terrorism deficits that have not made adequate progress in addressing the deficits or have not stipulated to an action plan as per the Financial Action Task Force (FATF).

Sensitive Clients are the individuals or legal entities which have business relations with sensitive countries.

Facilitation payment is made to further “routine governmental action” that involves non-discretionary acts. Examples of “routine governmental action” include processing visas, providing police protection or mail service, and supplying utilities like phone service, power, and water. Routine government action does not include a decision to award new business or to continue business with a particular party. Nor does it include acts that are within an official’s discretion or that would constitute misuse of an official’s office. Thus, paying an official a small amount to have the power turned on at a factory might be a facilitating payment.

If you have any questions or further inquiries regarding the above, please consult to the Global Compliance Manager.

2. SUSPICIOUS ACTIVITIES

Arçelik employees should be vigilant of money laundering red flags and to report any suspicious activity to local compliance officers. By way of guidance, see below a non-exhaustive list of red flag scenarios.

- Suppliers, customers or third parties who do not provide complete information, false or suspicious information, or is anxious to adhere to reporting or recordkeeping requirements,
- Customers who willfully agree to pay above the market conditions,
- Customers or suppliers who request the payments to be conducted in cash or cash equivalents,
- Transactions relating to high-risk countries, as defined by the FATF,
- Abnormal cash transfers, incompliant with the business rationale of the related transaction,
- Multiple money orders, traveler’s checks, or large amounts of cash,
- Payments made in currencies other than those specified in the agreements,
- Payments requested to or by third parties, who are not named in the corresponding contracts,
- Unusual receipt of transactions from a certain person or entity, where the origin of the funds is not known,
- Payments to persons or entities who reside in countries known as “tax heavens” or into “shell bank” accounts, or unusual fund transfers to or from foreign countries unrelated to the transaction,
- Payments to or from entities in which, it is not possible to identify the shareholding structure or ultimate beneficiaries.

When you are in doubt, please ask help from Global Legal and Compliance Department for guidance.

3. KNOW YOUR CLIENT (“KYC”)

Arçelik and its employees are required to exercise a level of care and due diligence when dealing with clients to avoid being willfully blind to money laundering or other suspicious activity. Consistent with this, Arçelik and its employees must adhere to the following principles:

Directives found within the list describe prohibitions on certain dealings with the persons identified. SSI sanctions apply to persons on the SSI List, as well as companies 50% or more owned by SSI listed persons. In case the relevant business units have any doubt or in exceptional situations (such as transacting with a party which is included in the *Sectoral Sanctions Identifications List* (“**SSI**”); transacting with an Embargoed Country in a sector which is not subject to Sanctions, etc), the Company's Legal and Compliance Department must be informed for preapproval. Such transaction may only be confirmed by Company's Legal and Compliance Department after the final approval of the Legal and Compliance Department of Koç Holding to ensure that the prospective transaction does not violate applicable Sanctions or otherwise expose the Koç Group to Sanctions risk.

5. IMPLEMENTATION

Within the scope of the due diligence procedures, Denied Party Screening (“**DPS**”) must be conducted via the third-party screening tool. Initial due diligence must be performed, before any engagement with a new Business Partner or other third party in accordance with the applicable regulations. While performing the due diligence activities, the domestic lists shall be also taken into consideration, to the extent technically possible together with global sanctions lists. Due diligence procedures must be conducted not only prior to any engagement but also during the course of the business relationship on a periodical basis. If red flags (such as the risk of transactions with the Sanctions Targets, Money Laundering activities, etc.) are detected by the relevant departments of the Company at any time during the course of the business relationship, the Legal and Compliance Department of the Company must be informed immediately. The Legal and Compliance Department performs enhanced due diligence activities and informs the related business unit about the precautions to be taken including, but not limited to the termination of the business relationship or cancellation of agreements. In case of doubt, the Company's Legal and Compliance Department will consult to the Legal and Compliance Department of Koç Holding.

¹⁴ Please refer to Arçelik Global Anti Money Laundering Policy for details.

Depending on the results of the DPS, it is at the sole discretion of the Legal and Compliance Department of the Company to decide whether the business transactions can be initiated or continued.

The Company must ensure that the contracts with Business Partners and other third parties includes relevant articles regarding their understanding and obligations to comply with this Policy.

6. US PERSON INSULATION

US Persons, including employees who are US Persons, must not participate in any transaction involving an Embargoed Country or other US Sanctions Target unless OFAC has licensed or authorized the involvement of US Persons in that transaction. "US Persons" include anyone while in the United States; any US citizen or green card holder, wherever located (including dual nationals of the US and another country); any US-incorporated entity, or anyone employed by a US entity, as well as US-owned or controlled non-US entities under certain US Sanctions. Employees should reject and report to the Legal and Compliance Department of the Company, any request from a counterparty to omit or conceal names, addresses or other information relating to a Sanctions Target in transaction records or other commercial documents. Any such lack of transparency in regard to a Sanctions issue will not be tolerated.

8. REQUESTS FOR INFORMATION

10. APPENDIX I- US PERSON INSULATION PROTOCOL

Insulation of US Elements from Business Involving Sanctions Targets¹⁵

I. Reason for this Protocol

A. To guard against the participation of the Company and Group Companies and all operations globally in transactions that might violate applicable economic sanctions or trade embargoes ("**Sanctions**").

B. Because Sanctions violations can result in criminal penalties and personal liability for employees who fail to comply, all employees must understand their obligations and strictly observe this Protocol both for their own protection and for the protection of their fellow employees.

¹⁵ This protocol does not address US or EU export control regulations and licensing requirements. See [other company policies] for guidance on such regulations and requirements.

II. Sanctions Targets

A. Each of the jurisdictions in which the Company and Group Companies operate may enforce a range of Sanctions against target persons, entities, vessels or countries ("**Sanctions Targets**") in accordance with United Nations' mandates or for other reasons.

B. US economic sanctions generally target a wider range of countries, persons and entities than Sanctions imposed by the other jurisdictions in which the Company and Group Companies operate. US Sanctions Targets include persons, entities and vessels designated by the US Office of Foreign Assets Control ("**OFAC**"), as reported on the OFAC website.¹⁶ In addition to such Specially-Designated Nationals ("**SDNs**") and Foreign Sanctions Evaders ("**FSEs**"), OFAC and other US Authorities currently impose comprehensive sanctions against Crimea, Cuba, Iran, North Korea, Sudan and Syria. Finally, OFAC has imposed Sanctions on certain entities that operate in Russia's financial, defense and energy sectors by putting them on OFAC's Sectoral Sanctions Identifications list ("**SSI List**").

C. US Sanctions requirements apply to US Persons globally and also to transactions by **any person** that involves the territory or financial system of the United States or international transfers of export-controlled US origin goods (collectively, "**US Elements**").

D. Questions to ask to determine whether a transaction that involves US Elements might create US Sanctions risk include:

- Is a transaction party on OFAC's SDN list or owned by an SDN?¹⁷
- Is a transaction party located in or supplying goods or services to/from Crimea, Cuba, Iran, North Korea, Sudan or Syria (the "**Embargoed Countries**")?
- Is a transaction party on the SSI List or owned by a company that appears on the SSI List?
- Is a transaction party owned in whole or part by, or acting on behalf of, the governments of Cuba, Iran, Sudan or Syria or a corporation owned by one of these governments?
- Is a transaction party a national of Cuba or owned in whole or part by nationals of Cuba (other than Cuban nationals located in the United States or permanent residents of a third country)?

III. Our Policy

A. We comply with all Sanctions laws, including export controls, applicable to our transactions.

B. We will not participate in transactions that would expose any of the participants to compliance risk under applicable Sanctions.

¹⁶ See <http://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx> and http://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/ssi_list.aspx.

¹⁷ Denied Party Screening should be run for all transaction regardless of US element involvement.

C. We will not participate in transactions designed or intended to evade the Sanctions laws of jurisdictions in which we do business.

In cases of doubt, all employees must consult the Company's Legal and Compliance Department.

IV. Recusal of US Person employees

A. "US Persons", including employees who are US Persons, must not participate in any transaction involving an Embargoed Country or other US Sanctions Target unless OFAC has licensed or authorized the involvement of US Persons in that transaction. "US Persons" include anyone while in the United States; any US citizen or green card holder, wherever located (including dual nationals of the US and another country); any US-incorporated entity, or anyone employed by a US entity, as well as US-owned or controlled non-US entities under certain US Sanctions.

- The Company and Group Companies -except Beko U.S., Inc. - are not US Persons, but any of its offices and employees in the United States, and any employee globally with a US passport or green card are US Persons.

B. In the absence of an applicable license, authorization or exemption, US Sanctions prohibit the involvement of US Persons in transactions with Embargoed Countries and other US Sanctions Targets.

- Sanctions imposed on the companies that appear on the SSI List are more limited in scope and prohibit US Persons from transacting in, providing financing for, or otherwise dealing in new debt (depending on the SSI-listed entity) or, in certain instances, new equity for these persons, their property, or their interests in property.

C. Accordingly, all employees who are US citizens or hold a US green card (including non-US citizens while in the United States) must not participate in or otherwise support or facilitate transactions involving US Sanctions Targets unless OFAC has licensed or otherwise permitted such transactions.¹⁸

D. Specifically, if you are a US Person, located in the United States, or a non-US person director or employee of a US entity while acting on behalf of the US entity:

1. Do not provide any commercial advice, assistance or other support in connection with OFAC-prohibited business involving Embargoed Countries or other US Sanctions Targets;

¹⁸ The SSI List Sanctions do not prohibit US Person involvement in all transactions with SSI Listed companies. Rather the SSI List sanctions prohibit only limited activity. The SSI List should be consulted for details of these prohibitions, but they are in summary: Directive 1 – transactions that involve new equity or new debt of a Directive 1 sanctioned entity with a term of more than 30 days; Directive 2 – transactions that involve new debt of a Directive 2 sanctioned entity with a term of more than 90 days; Directive 3 – transactions that involve new debt of a Directive 3 sanctioned entity with a term of more than 30 days, and; Directive 4 - transactions involving exploration or production for deepwater, Arctic offshore, or shale projects that have the potential produce oil in the Russian Federation and involve a Directive 4 sanctioned entity. The same corresponding prohibitions apply to entities 50% or more owned by one or several SSI Listed entities. Therefore, US Persons may participate in transactions with such SSI Listed companies subject to the requirement that those transactions do not involve prohibited transactions or any other US Sanctions Targets.

2. Do not supervise, authorize or approve any OFAC-prohibited business involving US Sanctions Targets or manage or direct the conduct of other personnel in regard to such business;

3. Do not participate in the re-design or restructuring of any transactions, operations, products or services for the purpose of facilitating OFAC-prohibited business involving US Sanctions Targets;

4. Do not provide corporate services (e.g., accounting, logistics, contract administration, technical services) specifically to support OFAC-prohibited business involving US Sanctions Targets.

5. Do not refer OFAC-prohibited business involving US Sanctions Targets to any other person or issue any powers of attorney in relation to specific transactions with US Sanctions Targets.

6. Do not provide any services listed above in connection with debt or equity, as applicable, to entities that appear on the SSI List.

E. Employees who are not US Persons must not involve US Persons, US-origin goods or services, or the US financial system in any OFAC-prohibited business involving US Sanctions Targets.

F. Thus, if you are not a US Person and your transaction involves US Sanctions Targets, unless authorized by an OFAC license or authorization or otherwise authorized by the Compliance Officer:

1. Do not work on that transaction while you are in the United States;

2. Do not ask a US Person (including a US citizen or green card holder outside the United States) to assist you with that transaction;

3. Do not discuss that transaction with a US Person, except to alert them to the need for compliance with this protocol or raise an OFAC compliance issue;

4. Do not include US Persons in e-mail chains in furtherance of that transaction;

5. Do not attempt to involve US Persons in that transaction by withholding information about its connection to a US Sanctions Target; and

6. Do not use credit or other assets provided by US Persons to finance transactions with US Sanctions Targets or provide US Persons with funds derived from such transaction.

G. Examples: The following are examples of actions that would violate this Policy:

- A US citizen employed by the Company in Turkey negotiates a sale of refrigerators to a Syrian business;
- A Turkish citizen employed by the Company in Turkey negotiates a contract with a company in Sudan while temporarily working from an office in New York;
- From Turkey, the same non-US employee orders parts from a US-based supplier for sale to a customer in Iran; or
- A US green card holder employed by the Company in Turkey approves a contract with an OFAC-listed SDN.

H. Recusal of US Person Committee Members

- As noted above, anyone affiliated with the Company and the Group Companies who is a US Person may not approve, authorize, advise on or otherwise provide support or assistance in connection with business involving US Sanctions Targets or Embargoed Countries unless US law permits their involvement in a particular case (e.g., because OFAC has licensed the transaction or because of the limited nature of the SSI sanctions).
- A strict recusal rule therefore applies to any US Persons who may now or in the future serve on the Company and the Group Companies' managing boards and committees, meaning that they may not participate in any portion of a meeting of such board or committee, including planning or votes, in furtherance of OFAC-prohibited business involving US Sanctions Targets or Embargoed Countries.
- Thus, unless authorized to participate by the Compliance Officer, US Persons should leave the meeting room and/or drop off video/audio conferences during such interval that a board or executive committee may take action specifically in furtherance of business involving US Sanctions Targets or Embargoed Countries.
- Clarification regarding Compliance Advice: Any member of a committee may and routinely will seek and consider advice provided by US Persons on compliance with OFAC and other Sanctions regulations and the Company and Group Companies' exposure to US Sanctions risks. In this context, US Person members of or advisors the Company and Group Companies' boards and committees may address sanctions compliance issues on behalf of the Company and Group Companies, while at the same time recusing themselves from any commercial planning or decisions in furtherance of OFAC-prohibited business with US Sanctions Targets or Embargoed Countries.
- In regard to any minutes of meetings recorded by the respective boards and committees, for any meeting in which voting or other action in furtherance of OFAC-prohibited business with US Sanctions Targets or Embargoed Countries is recorded, such minutes should indicate the manner in which any US Persons in attendance recused themselves from such action (e.g., left the room, dropped off the conference call), before minuting the discussion and/or decisions related to the US Sanctions Targets.

- Board and committee members (and executives generally) who are not US Persons should not include US Persons in emails or other communications regarding the commercial aspects of OFAC-prohibited business with US Sanctions Targets or Embargoed Countries (in contrast to requests for compliance advice), and should consult the Compliance Officer in cases of doubt.
- The respective boards and committees will not approve or authorize any OFAC-prohibited business with US Sanctions Targets or Embargoed Countries if, following the recusal of all US Person members, the remaining members do not exceed the number of recused US Person members.

V. Additional Guidance for US Person Employees

A. The OFAC sanctions do not extend to passive awareness by US Person employees of the Company and Group Companies' activities involving US Sanctions Targets or Embargoed Countries, as long as the US Persons do not use their awareness of such business to engage in unauthorized activity that facilitates OFAC-prohibited business.

B. Publication and distribution to US Person employees of general purpose management reports or financial statements, disclosing costs/revenues/profits and other information about the Company and Group Companies' business with the Embargoed Countries in the context of the Company and Group Companies' global business activity, would not violate this Policy as long as the US Persons do not participate in any commercial deliberations or decision making in furtherance of unauthorized OFAC-prohibited business.

C. US Persons should consult the Company's Legal and Compliance Department whenever they have questions or concerns about the subject matter of this Protocol.

“**Universal Declaration of Human Rights (UDHR)**”²⁷ is a milestone document in the history of Human Rights, drafted by representatives with different legal and cultural backgrounds from all regions of the world, proclaimed by the United Nations General Assembly in Paris on 10 December 1948 as a common standard of achievements for all peoples and all nations. It sets out, for the first time, fundamental Human Rights to be universally protected.

Harassment may take the form of (but are not limited to) words, gestures, or acts that irritate, alarm, abuse, demean, threaten, belittle, humiliate, or embarrass another person, or that create an intimidating, aggressive, or offensive work environment. Harassment usually implies a series of incidents. Harassment can also be described as unwelcome comments that are gender-related, sexual, or ethnic in nature; religious slurs; racial insults; age-based remarks; jokes, epithets, offensive or derogatory comments, emails, voice mails, or written or pictorial material that makes fun of or insults a person or a group based on a protected classification; or similar inappropriate conduct.

Disagreements about work performance or other work-related issues are not normally considered Harassment.

In addition to the above types of Harassment, Arçelik and its Group Companies also have a zero- tolerance principle toward Sexual Harassment in the workplace.

Although Sexual Harassment is most often associated with a pattern of behavior, it may also take the form of a single occurrence. Sexual Harassment may occur between persons of the opposite or same sex. Both males and females can be either the victims or the offenders.
